

PROFILE

Motivated Computer Science student with excellent English fluency and strong foundational skills in programming and logic design. Eager to leverage strong communication and problem-solving abilities in an entry-level role or international customer support environment.

EDUCATION

EMSI (École Marocaine des Sciences de l'Ingénieur) | Casablanca, Morocco Octo 2025 – Present

Relevant Coursework: Foundational Programming, Digital Electronics & Logic Design, Algorithmic Problem Solving.

National High School Diploma (Baccalaureate) Lycee Elbilia | El Jadida, Morocco Graduation: June 2025

PROJECTS

Hotel Management System | C Programming

- Developed a structured terminal-based data management application in C to handle room allocations, guest logs, and operational tracking.
- Implemented clean procedural logic and file-handling to store data reliably, demonstrating strong fundamental software engineering practices.

Library Web Application (V2) | JavaScript, HTML5, CSS3

- Designed and built a dynamic web application to manage book collections, tracking read statuses and data states using object-oriented JavaScript.
- Engineered a refined second iteration of the project, focusing on code optimization, modular design, and an improved UI layout.

Fluffy Fish Mobile Game | Python, Pygame

- Managed game state loops, asset rendering, and user input handling to deliver a smooth and responsive gameplay experience.

SKILLS

Programming/Technical: (e.g., C, JavaScript, Python, HTML/CSS)

Software & Tools: (e.g., Git/GitHub, Obsidian, Tinkercad, MS Office)

Soft Skills: (e.g., Analytical Thinking, Rapid Learning, Team Collaboration, Direct Communication)

INTERESTS / HOBBIES

Competitive Chess: Engaging in tactical matches that require calculated, creative decision-making to outmanoeuvre opponents.

Strategic Gaming: Playing immersive, strategy-focused games that test long-term planning and problem-solving skills.

Lifelong Learning: Driven by a natural curiosity to constantly pick up new skills, explore diverse subjects, and understand how things work.

LANGUAGES

English: Proficient / Native-level

French: Conversational / Basic

Arabic: Native / Proficient
